

FDP on “Robotic design using AVR and Arduino”

Department of Electronics & Communication Engineering has organized two days Faculty development program on “Robotic design using AVR and Arduino” on 20th and 21st November, 2015 by centre for Robotics in association with IEEE Communication Society.

The seminar was presided and inaugurated by our honorable Principal Dr.R.Varadarajan with a warm welcome from our Head of the Department Prof.A.Manimegalai. Prof.A.Manimegalai, HOD /ECE, Mr.C.Kumar AP/ECE and P.Saravanan AP/EEE have delivered technical ideas on Robotics design and hands on training carried on the same topic.

The faculty of ECE Mrs.T.Sudha, Assistant Professor, delivered the vote of Thanks.
