

ESPARX

EXPLORING ELECTRONICS TO THE WORLD

Vision and Mission

VISION

To provide graduates with global standard education in the field of ECE ENGG, to be competitive, techno-savvy, innovative and socio-ethically responsible for economic and industrial growth.

MISSION

- To educate the students with the “State of art technology”, in meeting the growing challenges of the industry.
- To provide quality education through effective teaching- learning process for their future career,viz.

About the department

The department of electronic and communication first started in the year 2000 with 60 students intake and increased to 120 in 2006, is presently located in “Mahaveer block”. The dept offers UG and PG programs taking into consideration the ever growing need of man power trained in the field of ECE. Over the years, the dept has built up laboratories in the area of electronic device and circuits, digital and logic design, microprocessor and micro controllers, networks and communication including microwave and optical communication, computer communication and VLSI. The M.E program in “Computer communication engineering” was started in the 2007, with a strength of 18.

The teaching program contains a proper blend of basic concepts and advances in technology. The faculty has succeeded in keeping a lively atmosphere among the students with timely upgradation in the curriculum and innovative teaching techniques. The teaching is closely coupled with the video-conferencing EDUSAT by Anna university Chennai. The dept

SAATHWIK A. S

SYMPOSIUM

Winners

SAATHWIK A. S

S.Saathwika had participated in the technical symposium XPOTRON-12 held on 10th October 2012 and had won 3rd prize in the event trouble shooting.
